About Us

Flood Assist Insurance is a specialist insurance intermediary with a big passion for all things flood. Our understanding of the market is second to none and our involvement in the world of flood goes well beyond insurance, setting us aside from our peers and helping us provide the best insurance solutions.

Education and advice is a key part of what we do, from providing you with clarity on the insurance options available for you and your clients through to sharing our real-time flood data intelligence.

Our Insurer Partners

Being the market leading provider of intermediated flood insurance in the UK, we have handpicked our insurer partners to ensure that we can provide cover when no-one else can.

We're particular about the insurers that we partner with valuing the nature and depth of the relationships we have with them.

To our insurers it's not just the type of insurance that we specialise in that makes us different, but also our data capability and the in depth understanding we have about our clients.
